ACTIVITY: COMMUNITY TUITION INITIATIVE FOR SCHOOL STUDENTS

DATE:01/03/2026

INTRODUCTION:

Education plays a vital role in shaping a child's future. Many school students in rural and economically weaker sections need additional academic support. This extension activity focused on providing free tuition and academic guidance to school students to improve their understanding and performance in studies.

PURPOSE:

- To support students in their academic development.
- To clarify doubts and strengthen basic concepts.
- To encourage regular study habits.
- To promote social responsibility among students.

ACTIVITY DETAILS:

Conducted tuition sessions for school students in subjects like Mathematics, Science, and English.

- Explained important concepts in a simple and understandable manner.
- Helped students complete homework and practice exercises.
- Encouraged interactive learning through questions and discussions.
- Motivated students to focus on education and set future goals.

OUTCOME:

Students showed improved understanding of their subjects and actively participated in learning. The activity created a positive impact by enhancing their confidence and academic interest.

ACTIVITY: DIGITAL PAYMENT AWARENESS PROGRAM – UPI GUIDANCE FOR ELDERLY

DATE:02/03/2025

INTRODUCTION:

Digital payments have become an important part of modern financial transactions. However, many elderly individuals are unfamiliar with UPI (Unified Payments Interface) and digital payment methods. This activity focused on creating awareness and providing guidance on using UPI safely and effectively.

PURPOSE:

- To promote digital financial inclusion.
- To educate elderly individuals about UPI usage.
- To ensure safe and secure digital transactions.
- To reduce dependency on cash transactions.

ACTIVITY DETAILS:

- Explained the concept of UPI and its benefits.
- Demonstrated how to scan QR codes and make payments.
- Guided participants in checking transaction history and balance.
- Provided information on safety measures and fraud prevention.
- Assisted elderly individuals in practicing digital payments under supervision.

OUTCOME:

The elderly participants gained basic knowledge of digital payments and felt more confident in using UPI services. The program contributed to improving digital awareness and financial independence.

**ACTIVITY: FINANCIAL LITERACY GUIDANCE – CHALLAN FILLING
AWARENESS**

DATE:03/03/2025

INTRODUCTION:

Financial literacy is essential for managing personal and official transactions effectively. Many people are unaware of how to properly fill challan forms for bank payments, fees, and government-related transactions. This activity aimed to provide guidance on filling challan forms correctly.

PURPOSE:

- To create awareness about financial documentation.
- To educate people on proper challan filling procedures.
- To reduce errors in financial transactions.
- To improve practical financial knowledge in the community

ACTIVITY DETAILS:

- Explained the structure and components of a challan form.
- Demonstrated how to fill details such as name, amount, date, and purpose of payment.
- Clarified common mistakes made while filling forms.
- Provided hands-on practice to participants.
- Answered queries related to banking procedures.

OUTCOME:

Participants gained confidence in filling challan forms independently. The activity improved financial awareness and reduced confusion regarding banking documentation.
